# Report of School Board

---

In compliance with the law we recommend that \$250 be raised for high school tuition, \$100 for scholars supplies, text books, etc., \$100 for repairs and \$60 for officers salaries.

During the past year six schools have been maintained with the required number of weeks to secure State aid.

We have been very fortunate in securing good teachers and we feel that the results of their labors have been satisfactory. The duty the parents owe our schools is identical with the duty they owe their child, and each should take that interest in our schools which will give to our scholars the best possible education that we can afford.

Every voter in the district should attend the school meeting and see that ample money is raised for the purchase of text-books and such supplies as will give to our scholars means for as rapid advancement as possible.

We are pleased with the size of the list of names on the roll of honor, but we wish it were larger. Punctuality is one of the essentials in school work.

We especially recommend that the schools and closets in connection with our school-houses be repaired that they may be respectable and sanitary.

Respectfully submitted,

LOYAL BARTON,  
GUY H. LOVERIN,  
CARL B. PHILBRICK,  
School Board.
